CHICKASAW JOCKEY CLUB.

Fourth Day of the Spring Meeting.

An Excellent and Interested Attendance.

TWO WELL CONTESTED EVENTS.

Barney Williams the Winner of the Free Handicap, Two Miles and a Half, and Quartermaster the Mile Heats, Three in Five.

It might have been expected from the early success of the Chickasaw meeting that the attendance ould diminish toward its close, but such was not the case, as the gathering to-day was large and enthusiastic. The track was in excellent condition, but gusts of wind would occasionally envelop the course with clouds of dust that proved particularly annoying. The running was good, and the spirit of speculation just as earnest as marked the excitement in this respect during the past three days.

THE FREE HANDICAP.
The first race was a dash of two miles and a half, a free handleap, for a purse of \$400. There were four starters, comprising J. Donahue's bay colt Lord Byron, by Kentucky, dam Lady Blessington, 93 pounds; G. W. Stewart's chestnut horse Barney Williams, by Lexington, dam Volga, 105 pounds: E. Harrison's gray horse Tom Corbett, by Lightning, dam by Knight of St. George, 90 pounds, and R. B. Cheatham's gray horse Aperoid, by Lexington, dam Nebula, 102 pounds. Anerold and Barney Williams sold for a like amount of money in the pools early in the morning, the others going as a field, but just before the start Barney Williams was favorite over all the rest. He won easily. The following are the details of

THE RACE. Ancroid was first away, Tom Corbett second, Lord Byron third and Barney Williams fourth. Going around the lower turn Byron ran to the front, Barney Williams taking second place, Tom Corbett third, Ameroid, pulied double, fourth. When they passed the stand Lord Byron led by one length, Barney Williams second, three lengths ahead of Tom Corbett, who was one length in advance of Ameroid. On the upper turn Barney Williams passed Lord Byron, and at the quarter pole was two lengths in front of Byron, who was about two lengths in front of Byron, who was about two lengths ahead of the two grays. They ran in this manner all the way around the lower turn, but as they came up the homestretic Ameroid moved on and passed Lord Byron before he reached the stand, and the race then resolved itself into a match between Ameroid and Barney Williams. The former pressed his suit vigorously around the upper turn and down the backsfretch, but he could not shut up the daylight, and, beginning to quit on the lower turn, Barney guitoped home an easy winner by ten lengths, Ameroid second, six lengths in advance of Lord Byron, who was two lengths ahead of Tom Corbett. Time of the two miles and a half, 4:4332. Byron third and Earney Williams fourth. Going

gallop. Quartermaster won the race very leverly. THE RACE

First Heat.—Quartermaster had the best of the start, Moriacchi second and Woodford third. Golng around the upper turn Woodford ran to the front, Moriacchi second, half length in advance of Quartermaster. At the quarter pole Woodford led one length, Quartermaster second, a neck in front of Moriacchi. There was no change on the back-stretch, but when the horses reached the lower turn Moriacchi and Quartermaster moved up and took sides with Woodford. They swang into the nomestretch parallel, and, after a very exciting run home, Quartermaster won the heat by one length, Woodford second, one length ahead of Moriacchi. Time of the heat, 1:53.

Second Heat.—As the horses came up for the start Quartermaster and Woodford collided, and Morlacchi dashed away four lengths ahead of the

Mortacchi dashed away iour lengths ahead of the others. She was the same distance in front on the nepter turn, but Quartermaster then began to close up the gap, and Woodford was soon entirely out of the race. Quartermaster gained gradually on Morlacchi down the backstretch, and at the bull-mile pole was head and head with her. A beautiful race ensued, which was maintained to within thirty yards of the stand, where quartermaster dashed away from the mare, and won the heat by least the films. 1:18. Woodford was distanced.

They were side by side down the backstretch for some distance; but at the half-mile pole Quartermaster drew away from the mare and kept in front to the end, winning by four lengths. Time, 1:40%.

LOUISIANA STATE FAIR.

Poorth Day-Private Team Race-Mr. Cassidy's Nelly Day and Mate the Win-

NEW ORLEANS, April 28, 1872. Yesterday being set apart as the "Children's Day" at the Fair grounds a very large and quite early attendance was the result, the cars from the city being thronged by the little ones at nine o'clock and the various buildings filled an hour later. From that time until late in the afternoon the crowd was constantly reinforced, and at the commencement of the team race—the only trotting contest of the day—fully 12,000 persons were present. This race was a mile and repeat, to wagons, for a blue rubbon and set of double harness to the winner and a pink rubbon and whip to the second team. The entries being strictly private teams the interest excited was general among the owners of crack horses in the city. Those that came to the score were Mr. Lemaine's Idol and Belle, by T. P. Roach: Mr. Cassidy's Neily Day and Mate, by E. Fulton, and Mr. J. Huwkins' Molle and Vic, by R. Johnson. Neily Day and mate won the race in two straight heats.

GRANT MASS MEETING.

The Colored Men of Brooklyn in Council-They Declare for the Administration-Resolutions and Speeches.

The colored citizens of Brooklyn held a mass meeting last night at Commonwealth Hall, in Washington street, for the purpose of considering such plans as would enable them to define their

APPROACHING PRESIDENTIAL CAMPAIGN and to adopt such other measures as the situation

The meeting was called to order at half-past eight o'clock, when the Rev. A. N. Freeman took the The following named gentlemen were elected as vice presidents:-David Rosell, Dr. P. A. White, Dr. P. Gugnon, Peter Vogelsang.

REMARKS OF THE CHAIRMAN. Rev. Mr. FREEMAN said:—I shail en-deavor to do the best I can in deavor to do the best I can in presiding over the deliberations of this meeting. We have arrived at a very important crisis. We have arrived at the time when we will be called upon to enter into the field and do active service, and every man of us is expected to do his duty, and if they do the thirteen thousand voters of this State will accomplish something. Let us, therefore, come up and march boldly to the fight.

The call for the meeting was then read.

RESOLUTIONS.

The following preamble and resolutions were then offered:—

The following preamble and resolutions were then offered:—

Whereas the discordant element in the ranks of the republican party is sufficiently serious to justify our apprehension for the safety of the cause of equal rights, as inaugurated by emancipation in the Southern States; and whereas, in the administration of President Grant, the cause of freedom has been sustained with the devotion that will impose upon the colored people of this country a duty they can only perform by the approval of the good of the government, and thereby evince their appreciation of the country, and would be equally dangerous to the country, and would be equally dangerous of the government and this country, and would be equally dangerous deem It account distingto the first struggle of a Presidential campaign that has devolved upon the colored people since the adoption of the Crited States it is, perhaps, that they should establish before the public the principles apon which they shall be governed in support of the government and its policy as the constitution of freedom, and thereby manifest our feality to each other and the country. Believing that the position of 15,00 colored voters in the State of New York would, if carefully organized as supporters of President Grant, be pre-eminenty just, as an indication of the unbounded confidence in his integrity as a friend to freedom and a devoted particit; therefore, Resolved, That we here piedge ourselves to each other and the party by which the principles of equal liberty for all were inaugurated, and will labor for the accountishment of the task that will devolve upon the voters of King's County

desired. That we congratuate President Grant for the nelependent action in the appointment of colored men to after our roat in the civil service, and for the shield exceeded by him for the protection of the first cade of that lass that has entered the Military Academy at West John, as the best institutions in favor of the elevation of

class that his control of the control of the control of the race.

Resolved, That we congratulate Charles Summer as the devoted triend and champion of civil rights, and for the distinction won in battling for the cause at the cest which only could be paid in behalf of our oppressed race by him in the days of slavery as a Senator of the United

It was moved to adopt the resolutions.

Mr. GUIGNON then arose and said before the adoption of the resolutions he thought it would be well for them to discuss these declarations of the sentiments which they were about to promalgate. It was a question in his mind as to whether it would be best to adopt these resolutions at the present time, or whether it would not be better for them to wait until the Cincinnail Convention had met and made their declarations. There were men in that Convention who had been friends to the colored men before General Grant. He wanted them to be carreil least they should get themselves in a snart. They should not jeopardize their interests by the adoption of these resolutions, and he would be pleased if the chairman of this meeting would adjourn it until after the Cincinnail Convention.

REMARKS OF MR. PUINAM.

vention.

REMARKS OF MR. PUTNAM.

Mr. PUTNAM replied to the remarks of Mr. Guignon in an able speech, and favorred the adoption of the preamble and resolutions. He wanted to know

non in an able speech, and favored the adoption of the preamble and resolutions. He wanted to know who they were who were ready to arraign General Grant. He contended that Mr. Greeley did not occupy the position now he did in the past with the colored men, and they could not shut their eyes to that fact. The liberal republican Senators were conservatives, and were not such men whom the celored men should follow. General Grant had been a friend to the colored man to a position. He had appointed a colored man to a position. He had appointed a colored man as Minister to Hayti, and extended protection over the rights of the colored men of the South. He was ready to stand by Grant's government, sink or swim, and preferred to go with it. (Three cheers were given for Grant.)

REMARKS OF MR, BROWN.

Mr. WILLIAM BROWN felt somewhat interested in the political abbirs of the country. He thought it was time to let the people know how they stood. (Applause.) He was surprised, and did not know that there was a man who entertained an idea of following those parties to Cincinnati. (Laughter.) There was but one question, Should we stand by the administration or sell our birthright for a mess of pottage? And he would ask if there was a man who entertained an idea of following those parties to Cincinnati. If these men had been provided with office they would not now be on their way to this Convention. They wanted to do all they could for the support of the men who remembered the colored man.

Several other colored men spoke, when the resolutions were adopted.

REPUBLICAN UNION COMMITTEE.

Meeting Last Night-A Committee Appointed to Advise Action in Regard to

the State Convention.

A regular monthly meeting of the Union Republican General Committee was held last night at No-453 Fourth avenue, they having removed from their old quarters in Broadway, and their new their old quarters in Broadway, and their new rooms not being yet litted up. The attendance was quite large. The President, Thomas E. Stewart, was in the chair, and the Corresponding Secretary, Weeks W. Culver, occupied the desk in place of Mr. Couchman, the Recording Secretary, who is at the Cincunnati Convention. In the routine business, much of which was omitted, a list of delinquents was read, together with a notice which had been sent requiring them to attend the meetings. Several delinquents announced their presence in the hall and were excused for past neglect. A letter was read from Sinelair Tousey stating that he would be mable to attend any meetings during the year in consequence of other engagements. The following letter was received from Horace Greeley, another delinquent:—

another delinquent:—

New York, April 23, 1872.

Dear Sir-I long ago declined to be a member of any standing political committee; I am too busy, too old, &c. Please have my mame stricken from the roll of the Tunon Republican Committee" as one who never accepted or qualified as a member. Yours, &c. HORACE GREELEY.

cepted or qualified as a member. Yours, Ac.

It was moved that, as Mr. Greeley and Mr. Tousey had resigned from the committee, their resignations be accepted. After a slight discussion the subject was dropped till the next meeting.

Mr. Leggar offered a resolution that a committee be appointed to consider what action if any should be taken in relation to sending delegates to the convention at Elmira on the 15th inst.

Mr. Foster thought this committee was quite as competent to judge of the action necessary to be taken in regard to the Elmira Convention as any sub-committee. He said:—Grant is going to run the state of New York in his interest and solely for the purpose of maintaining his power, and I therefore object to our sending a delegation to Elmira as they have been twice before. I don't propose to send our delegations to any more conventions so long as the avowed republicans of the State will had a daint them, representing as they do thirty thousand republicans, while they admit the body that represents three thousand.

Mr. Grasse said the Convention of 1870, by frand and perjury, expelled the republican representatives of the Sixteenth district of New York al-

Mr. GlassEssald the Convention of 1870, by fraudiand perjury, expelled the republican representatives of the Sixteenth district of New York, although they undemably represented the vast majority of republicans. The Convention of 1871 shut their doors in the faces of the same delegation from the same district in their turn, and he was strongly in sympathy with the expressions of Mr. Leggat.

strongly in sympathy with the expressions of Mr. Leggat.

One of the delegates talked bitterly of what he styled the Murphy clique, and added it would be a recognition of the Murphy gang if the committee refused to send delegates to the Elmira Convention. The Pressiders then put to vote the resolution of Mr. Leggat as amended, to include a representative from each of the twenty-one districts of the city, which was adopted.

Tae chair appointed the following as this committee:—Andrew W. Leggat, George Ross, John Fitch, James McLaran, E. H. Lawrence, Hugh Nesbit, William P. Richardson, David Minler, William E. Noble, Eli Taylor, D. D. Conover, John Duke, James Cowie, Benjamin Merritt, J. B. Poliock, J. A. Foster, R. Campbell, T. F. Reytemeyer, J. Wilson, Sr., W. W. Culver and Robert C. Brown.

On motion the name of the Fresident was added to the above list. The meeting was then adjourned to Wednesday next, when the Committee of Twenty-one will report.

THE STATE CAPITAL.

A Patchwork Charter Introduced in the Assembly.

PROVISIONS OF THE MEASURE.

An Election for Mayor, Aldermen and Assistant Aldermen To Be Held on the Last Day of May-All Heads Off Except the Comptroller's-A Non-Partisan Police Commission.

BILLS INTRODUCED, AMENDED AND PASSED.

A CHARTER APTER ALL.

It is quite probable that New York city will have a new charter after all, or rather, that a charter composed in great part of the best provisions of the charter of 1870 and of that made up by the Committee of Seventy, will be passed in a few days. In pursuance of Senator Tiemann's resolution instructing the Committee on Cities to examine the charter of 1870 and the amendments made to it in 1871, the committee to-night reported a bill amending the charter of 1870. The bill provides for the election of the Mayor on the last day of the present month, and of Aldermen and Assistant Aldermen, who are to take their places on January 1, 1873, at which time the terms of office of the present Board expires. It legislates out of office all the present heads of departments and commissioners, with the exception of the Comptroller. The Commissioners of the Department of Public Works go out. The Mayor is to appoint all heads of departments; suspend them for cause, and they can be removed by the Governor. The Mayor is to be elected for two years, and all officials elected on the 30th of May are to go into office on the 1st of July. The Department of Buildings is merged in the Department of Public Works. The Street Cleaning Commission is merged into the Board of Health, and the Mayor appoints the Inspectors of the Commission. The bill provides that no officer of the city or county government shall hold any other civil office. All heads of departments are to hold office as long as the Mayor. The Commissioners of the Board of Education are to be elected by Senate districts and the Trustees are to be appointed by the Board of Education, and the Inspectors to be appointed by the Mayor. The Police Cemmission is to be non-partisan, and the members are to be appointed by the Mayor, who is to be a member exaficio, but have no voice in the patronage of the department. The Board of Health is to be composed of the Police Commissioners and the Health Officer.

The bill was made a special order for to-morrow morning, immediately after the reading of the journal, when an attempt will be made to rush it through in an hour. It is said that the real COOKS OF THE NEW BILL

Were Palmer, Alvord, Husted and Madden, although the Committee on Cities of the Senate are the ostensible fathers to the measure. The introduction of the bill will put the final adjournment off further than ever, as the two Houses, if they pass it, will of course remain in session until the ten days allotted to the Governor after the passage of the bill have expired. For if they adjourn before the expiration of the ten days a veto might make things unpleasant. It is believed that the bill will not get through easily, owing to the fact that it does not put the Comptroller out with the other heads of departments and make the office elective. Nine out of every ten members in each House are opposed to him, and it will require

An "IMMENSE COMPROMISE" EFFORT to save him. Immediately after the adjournment to-night the republican Senators held a caucus to consider whether they would sustain this new charter, and aithough no definite conclusion was arrived at, the impression left upon the minds of the Committee on Cities was that the Senate would support it. In the Assembly, Mr. Alberger presented the report of New York, and, in connection with it, a resolution removing Richard Schell, A. A. B bill provides that no officer of the city or county government shall hold any other civil office. All

THE FOURTH AVENUE VANDERBILT SINK-THE-TRACK THE FOURTH AVENUE VANDERBILT SINK-THE-TRACK BILL
came up this evening in the Assembly as amended in the Senate by striking out the word "perpetua,!" with reference to the use of the avenue by the Harlem Railroad Company. A motion of Mr. Smyth to recommit it to the Committee on Railroads was lost by a vote of 26 to 86; and then the Senate amendment was concurred in by a vote of 84 to 15. The bill now goes to the Governor. On motion of Mr. Mosely the Senate bill authorizing

THE PACIFIC MAIL STEAMSELY COMPANY to reduce the capital stock to ten milions of dollars with the consent of two-thirds of the stockholders, and to buy in and cancel outstanding shares above that amount, was unanimously taken from the table, placed on its third reading and passed by a vote of 84 to 11, Messrs. Fort, Griffin, D. B. Hill, Kennedy, Niles, Smith, the Speaker, Springstead, Swain, White and Wyman voting in the negative. In order to confirm the passage of the bill Mr.

Swain, White and Wyman voting in the negrative, in order to confirm the passage of the bill Mr. Husted moved a reconsideration of the vote just taken and called for the previous question. The result was that the passage of the bill was confirmed by a vote of 61 to 21.
